

Improve the practice-to-patient billing experience with PAYARC's embedded payments platform.

A better payments experience results in better care. Whether it's in-office payments, automated recurring billing, patient invoicing via text, or one-off payment links, our integrated offering provides your platform with technology-driven tools that go beyond simple accounting.

→ Increase productivity, enable personalized payment options, and promote patient satisfaction.

Results you expect - with the care your patients deserve.

We want to help your platform thrive. Using PAYARC's integrated solution provides your customers with seamless payment options designed to remove friction at time of billing.
